TAXPAYER SAVINGS HIGHLIGHTS

lawmakers
can provide more than
\$600M
in total savings
to OHIO taxpayers

HOW TO PRUDENTLY SPEND IN A PANDEMIC RECOVERY
& EMPOWER FAMILIES WITH INNOVATIVE SPENDING

OHIO MUST:

Stay focused on maintaining core government services and enhancing public health and safety.

Resist the temptation to create long-term programs with one-time federal funding.

Peg non-COVID related spending growth to inflation and population growth rates.

OHIO CAN HELP STRUGGLING FAMILIES BY:

1

Shifting \$425 million from the Ohio Department of Education to fund a meaningful education savings account program, creating a student-first approach to K-12 funding.

2

Utilizing public-private partnership to expand access to broadband—an all-but essential tool for 21st century life—to unserved areas of Ohio.
